

Kend din kode: Glemmt, men gemt

Du kan genfinde dine g(l)emte koder i din browser – det kan være voldsomt praktisk. Det ser lidt forskelligt ud fra browser til browser. Her ses Chrome, Safari og Edge.

The image is a 2x2 grid of screenshots illustrating how to find saved passwords in different browsers:

- Top-left:** Chrome browser interface. The menu icon (three dots) is circled in red. A red arrow points from this icon to the 'Indstillinger' (Settings) option at the bottom of the menu. The 'Chrome' logo is highlighted with a green box.
- Top-right:** Safari's 'AutoFyld' (Autofill) window. It shows a saved password for 'Adgangskodeadministrator' (Administrator password).
- Bottom-left:** Safari browser interface. The 'Indstillinger...' (Settings...) option in the menu is highlighted with a blue box.
- Bottom-right:** Safari's 'Adgangskoder er låste' (Passwords are locked) dialog. It prompts the user to enter their Mac login password to access saved passwords. A blue box highlights the 'Din Mac adgangskode' (Your Mac password) input field.
- Bottom-left (continued):** Edge browser 'Indstillinger' (Settings) page. The 'Adgangskoder' (Passwords) option is highlighted in the left-hand menu.
- Bottom-right (continued):** Edge browser 'Din profil' (Your profile) page. The 'Adgangskoder' (Passwords) option is highlighted in the list of settings.

Søg ved hjælp af din skolemail

The screenshot shows a search interface with the following elements:

- Search bar: 'mxxx0205@eg-gym.dk'
- Search results: '1 websteder og apps, der blev fundet til "mxxx0205@eg-gym..."'
- Result card: 'microsoftonline.com' with the email address 'mxxx0205@eg-gym.dk' and a right-pointing arrow.
